

Employment Opportunity

Nursery Assistant

Start Date: ASAP

End Date: November 24, 2023

Splitrock Environmental Sekw'el'was is an aboriginal owned business that specializes in environmental services, ecological restoration, ethnobotanical services, and propagation of native plants. We are looking for a highly motivated individual who has a passion for the environment, who is a team player, and eager to learn. Splitrock is a multi-discipline company and the assistant will have the opportunity to assist in many different projects being undertaken at Splitrock.

Responsibilities:

The Nursery Assistant will work under the nursery manger. Responsibilities include;

- Planting, watering and weeding in the nursery
- Vegetation management
- Community outreach
- Maintenance works at the spawning channel
- Assisting on various environmental projects

Qualifications:

- Must be physically fit, this is a physical job
- A positive attitude, ability to be flexible, and someone who thrives on diversity in their job.
- Experience working with aboriginal communities, industry and non-profit organizations.
- Excellent verbal communication skills and ability to work effectively in interactive multi-disciplinary team situation.
- Must be willing to work on weekend as shift will include working Saturday and Sunday.
- First Aid is a benefit however we will train if necessary
- Class 5 Driver's License

Resume, cover letter and references must be submitted to courtney.andrews@splitrockenvironmental.ca until position is filled.

**Position is funded through the Indigenous Skills and Employment Training Program*
